**18 August 2014 (30 days after 17 July)**

Alinta Sales Pty Ltd trading as Alinta Energy is an electricity retailer under the Electricity Industry Act 2004 (WA).

Alinta Energy's retail activities include retailing electricity to the following classes of customer:

1. Tariff based small commercial customers; and
2. Commercial customers with individually negotiated contracts.

You are a customer in Group 1 if you are a small business located in Western Australia and your electricity supplier is Alinta Energy.

For customers in Group 1, the annual average dollar price basis for these cost savings for the year 2014-15 we approximate to be 1.63 cents /kWh.

You are a customer in Group 2 if you have a commercial site in Western Australia and have signed an electricity supply contract with Alinta Energy.

For customers in Group 2, the annual average dollar price basis for these cost savings for the year 2014-15 we approximate to be 1.63 cents / kWh.

It is noted that savings for individual customers will vary depending on individual circumstances.

For individually negotiated contracts, your savings may vary from this amount depending on your negotiated carbon intensity.
